Test center closings due to COVID-19 (coronavirus)

As COVID-19 continues to spread globally, our first priority is health and safety for employees and candidates. Starting Tuesday, March 17, we are suspending test delivery at all U.S.- and Canada-based Pearson VUE-owned test centers for 30 days until April 16. As a result, most test appointments in this timeframe have been cancelled.

Pearson is regularly updating COVID-19 information on a dedicated webpage.

✓ If your test appointment is cancelled:

You will receive an email cancellation if your test center closes. Your test appointment will be cancelled in your testing account. You will receive a refund of your test fees in accordance with the Refund policy. You may schedule a new test appointment at your convenience. No fees will be incurred for rescheduling your appointment.

If you need to schedule or reschedule a test appointment:

Please note that only test centers that are open at the time that you attempt to schedule your appointment will appear during the scheduling process.

If you are ill on the day of your test appointment:

Do not report to the test center. If you miss your appointment due to illness, please review the Absentee/No Show policy, which includes information about requesting a transfer of your test registration.

If you prefer, you may withdraw your registration for a full refund.

Please check the Refund policy for more information.
